

“Do you know what to do?”

(2 Chronicles 20 (NIV))

Q: Do we always know what to do in any circumstance? Especially when facing battles in life?

I. Did King Jehoshaphat know what to do?

- A great enemy was about to attack Jehoshaphat. (v.1-2)
- He said “We *do not know what to do.*” (v.12)
- Then he continued on to say “*but our eyes are on you*”! (v.12)
- He knew exactly what to do! → **Turn to the Lord** for help!
 - King Jehoshaphat did not know what to do except to turn his attention to the Lord.
 - When you have more than one option, prayer is the best option! When prayer is your only option, it is the best option anyway!

II. Conclusion

→ We always know at least one thing we can do; turn to the Lord.

III. God’s response

- “Do not be afraid or discouraged because of this vast army. **For the battle is not yours, but God’s**” (v.15)
- “Do not be afraid; do not be discouraged. Go out to face them tomorrow, and **the LORD will be with you.**” (v.17)
- Then, God brought victory to Judah.
